Not much to talk about in February. Our monthly meeting was cancelled due to a snowstorm hitting just as we were all ready to hit the road for the meeting. We ended up with between 6 to 8 inches, depending on where you live. On the schedule is a lecture by Aldo Colombini that is scheduled for the March meeting. Everybody is looking forward to seeing Aldo. He is extremely entertaining and always puts on a great show. On a personal note, I recently saw Steve Cohen perform his Chamber Magic show at the Waldorf Astoria here in New York, and it's an outstanding show! He periodically takes it on the road to San Francisco, Chicago and London. Catch it if you can. You will not be disappointed.
